Matt Stokes, Josh Kirk and James Wilkes-Green will be attending the Sussex CCC Performance Camp from 18th- 26th February 2011 along with the GCB Lead Development Coach, Jeremy Frith who is being kindly assisted by Saffery Champness with his travel costs. The GCB are very grateful to Saffery Champness and Director Roy Angliss for his support that allows us to take full advantage of this fantastic opportunity for our young players and coaching staff.

The camp is to be held at the Skeikh Zayed Stadium in Abu Dhabi, which has hosted numerous international fixtures most recently an ODI and a test match as part of the recent Pakistan vs South Africa series.

Jeremy Frith commented; "Abu Dhabi is an excellent venue to hold such a camp. We were very impressed with facilities when we went out there in 2007 and are looking forward to utilising them again."

All three players have performed to a high standard in recent years and have continued to perform well in international cricket for Guernsey's age group squads. Matt, Josh & James have also gained representative experience with Sussex age group squads in recent years.

"We expect this to be an excellent opportunity for Matt, Josh & James to continue their development as they work towards becoming Guernsey cricketers of the future. All three players have worked exceptionally hard thus far and continue to do so." Said Jeremy Frith
